

Animas Business Park

After purchasing approximately 75 acres of land, the City of Bloomfield partnered with RIO Real Estate Investment Opportunities, LLC in 2011 to develop the Animas Business Park. With ready access to New Mexico State Route 550, a five-lane roadway, this industrial zoned site is served by water, wastewater, natural gas, and electric utilities. The City will actively work with businesses locating in the park on incentives provided by the State of New Mexico.
