FILE INFORMATION UPDATE

THIRD PARTY CONTACT:			
(must be local and other than Owner, Officers or President:			
Address:			
City:		State:	Zip:
Telephone No.:		Cell Phone:	E-Mail Address:

The undersigned has read and agrees to the following:

- I agree to provide the City access to water meters Monday through Friday, 7:00AM to 5:00PM, except holidays, for the purpose of reading the meters or for any other action deemed necessary.
- I will advise the Utility Department of changes in my mailing address, phone numbers, and other information related to this application.
- I understand that I am responsible for all charges incurred at the specified address while utility services are in my name until such time I have notified the City of Bloomfield Utility Department otherwise.
- All accounts are due IN FULL EACH MONTH.
- A Penalty will be assessed on unpaid balances.
- Interruption of Service will be executed on delinquent accounts.
- A Service Fee, an amount determined by the City, will be charged for tagging due to delinquent accounts, insufficient funds payments, transferring locations and funds balances.
- Accounts that are deemed uncollectible are placed with collection agencies.
- No third party billing.
- The deposit will be refunded without interest when the meter is returned and the account is closed.
- Meters are permitted for TEMPORARY use. Meters are issued for a six (6) month period at which time the meter will be returned and a new meter issued. Failure to return the meter will result in a **\$150.00 per month late exchange fee until the meter is exchanged, returned or confiscated.** No meters will be exchanged if the account is delinquent.
- No credits for water usage charges will be allowed against the deposit. The deposit will be returned when the assembly is returned and any water usage and all late charges have been paid in full.
- Hydrant meters will be made available upon demand by the City of Bloomfield for inspection and verification of reported readings. Failure to produce a meter upon demand will result in revocation of the fire hydrant meter permit.
- City of Bloomfield must be notified in writing along with a copy of a police report in order to halt monthly billing on the meter. If a replacement is needed an additional deposit will have to be paid and the account made current prior to the new issue.
- Customers who return meter assemblies which are damaged will be charged the actual cost of repair or a minimum repair charge of \$100.00 whichever is greater. Damaged condition shall mean any wear or deterioration beyond the wear to be expected from normal use and operation of the assembly. Meter assemblies that are not repairable will be replaced at the user's expense.

FILE INFORMATION UPDATE

- Meter readings are to be reported to the Utility Department on a monthly basis by telephone 505-632-6305 M-F 8:00am – 4:00pm between the 25<sup>th</sup> and 30<sup>th</sup> of each month. When calling in readings, please give the meter number, read all digits from left to right, give your name, your company’s name and a return phone number. Failure to call in readings within specified dates will result in a \$25.00 per day fee for meter being inaccessible for read.
- Customers shall utilize an approved fire hydrant wrench with the meter assembly to operate hydrants; no other tools or methods are allowed. The meter assembly needs to be supported between the meter, backflow, and at least 12” off of the ground when attached to a fire hydrant. Please flush the hydrant (approximately 1-2 minutes) before attaching the meter assembly to avoid damage to the meter.
- I/We certify that I/We are authorized to execute this application on behalf of the business.

*I swear and affirm under penalty of perjury that the information I have provided on this form is true and correct. Further, if this information is provided on behalf of another, I agree to act as a Guarantor for any amounts billed and owed on this account.*
