Independent Auditor's Report

Mr. Wayne Johnson, New Mexico State Auditor and Ms. Cynthia Atencio, Mayor, City of Bloomfield

Report on Financial Statements

We have audited the accompanying financial statements of the governmental activities, business-type activities, each major fund, the aggregate remaining fund information, and the budgetary comparisons for the general fund and major special revenue funds of City of Bloomfield (the City), as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Emphasis of Matter

As discussed in Note 19 to the financial statements, beginning net position has been restated due to the adoption adopted GASBS No. 75 Accounting and Financial Reporting for Postemployment Benefits Other than Pensions which establishes standards for recognizing and measuring liabilities, deferred outflows of resources, deferred inflows of resources and expenditures. Changes adopted to conform the provisions of this statement require a retroactive restatement. Our opinion is not modified with respect to this matter.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities, each major fund, the aggregate remaining fund, and the budgetary comparisons for the general fund and each major special revenue fund. information of the City as of June 30, 2018, and the respective changes in financial position, for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages 4-13, Schedule of the City's Proportionate Share of the Net Pension Liability, Schedule of City Contributions on pages 64-71, respectively, Schedule of Proportionate Share of the Net OPEB Liability on pages 72-73, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The accompanying supplementary information, such as the Combining and Individual Nonmajor Fund Financial Statements, budget comparisons and, the other schedules required by 2.2.2 NMAC are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The other schedules required by 2.2.2 NMAC are the responsibility of management and were derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements, or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the other schedules required by 2.2.2 NMAC is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory section has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued a report dated December 13, 2018, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and in considering the City's internal control over financial reporting and compliance.

City of Bloomfield Management's Discussion and Analysis June 30, 2018

As management of the City of Bloomfield, we offer readers of the City of Bloomfield financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended June 30, 2018. We encourage readers to consider the information presented here in conjunction with the financial statements of the City of Bloomfield and additional information provided.

FINANCIAL HIGHLIGHTS

- The assets of the City of Bloomfield exceeded its liabilities at the close of the most recent fiscal year by \$19,292,979 (net position).
- The government's total net position increased by \$655,343 during the fiscal year due mainly to budget cuts made to replenish the City's cash reserves. This increase was offset by a restatement of the City's beginning net position of (\$6,074,608) due to reporting of the City's net other postemployment benefits (OPEB) liability as required by Governmental Accounting Standards Board Statement No. 75.
- As of June 30, 2018, the City's governmental funds reported combined ending net position of \$8,826,028. Of this total, \$18,658,458 represents the City's investment in capital assets, net of any outstanding debt issued to pay for the assets. There is a negative balance in unrestricted net position of \$11,959,323 due to the City's net pension liability, net OPEB liability, and related deferred inflows and deferred outflows of resources.
- At the close of the current fiscal year, unassigned fund balance for the general fund was \$1,085,802, or 20.2 percent of total general fund expenditures.
- The City's total debt decreased by \$287,227 during the current fiscal year. The decrease was due to making scheduled debt payments of 1,320,459, offset by the addition of a \$300,000 loan for a fire truck and a \$700,000 judgment payable (see note 7 for details).

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the City of Bloomfield's basic financial statements. The City of Bloomfield's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The *government-wide financial statements* are designed to provide readers with a broad overview of City of Bloomfield's finances, in a manner similar to a private-sector business.

The *statement of net position* presents information on all of the City of Bloomfield's assets and liabilities, with the difference between the two reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether or not the financial position of the City of Bloomfield is improving or deteriorating.

The statement of activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the City of Bloomfield that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the City of Bloomfield include general government, public safety, public works, culture and recreation, and health and welfare. The business-type activities of the City include Joint Utility and Solid Waste Services.

The government-wide financial statements can be found at Exhibits A-1 and A-2 of this report.

Fund financial statements. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City of Bloomfield, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City of Bloomfield can be divided into three categories: governmental funds, proprietary funds and fiduciary funds.

City of Bloomfield Management's Discussion and Analysis June 30, 2018

Governmental Funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in determining what financial resources are available in the near future to finance the City's programs.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The City maintains twenty-five individual governmental funds organized according to their type (special revenue, debt service and capital projects). Information is presented separately in the governmental fund balance sheet and statement of revenues, expenditures, and changes in fund balances for the General Fund, Special Street Maintenance Capital Projects Fund, and G.O. Bond Fund, which are considered to be major funds. Data from the other twenty-two governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of *combining statements* elsewhere in this report.

The City adopts an annual appropriated budget for its General Fund, Special Street Maintenance Capital Projects Fund, G.O. Bond Fund, and all other funds. A budgetary comparison statement has been provided for the General Fund to demonstrate compliance with this budget.

The basic governmental fund financial statements can be found at Exhibits B-1 through C-1 of this report.

Proprietary funds. Proprietary funds are generally used to account for services for which the City charges customers – either outside customers or internal units or departments of the City. Proprietary funds provide the same type of information as shown in the government-wide financial statements, only in more detail. The City maintains one type of proprietary fund:

Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses enterprise funds to account for the joint utility and solid waste operations of the City. The enterprise funds are considered to be major funds of the City and can be found at Exhibits D-1 through D-3 of this report.

Fiduciary funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are *not* reflected in the government-wide financial statements because the resources of those funds are *not* available to support City of Bloomfield's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

City of Bloomfield fiduciary funds account for the collection of motor vehicle fees and their remittance to other governmental agencies.

The basic fiduciary fund financial statement can be found at Exhibit E-1 of this report.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Combining statements. The combining statements referred to earlier in connection with nonmajor governmental funds are presented immediately following the notes to the financial statements.

City of Bloomfield Management's Discussion and Analysis June 30, 2018

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Analysis of Net Position

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the City of Bloomfield, assets exceeded liabilities by \$19,292,979 at the close of the current fiscal year.

The significant portion of the City of Bloomfield's net position represents the City's investment of \$29,325,048 in capital assets (e.g., land improvements, buildings, infrastructure and machinery & equipment), less any related outstanding debt used to acquire those assets. The City of Bloomfield uses these capital assets to provide services to citizens; consequently, these assets are *not* available for future spending. Although the City of Bloomfield's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

City of Bloomfield Management's Discussion and Analysis June 30, 2018

A portion of the City of Bloomfield's governmental net position (24 percent) represents resources that are subject to restrictions. The restrictions relate to covenants provided by the City's long-term debt issuance and capital projects as well as the City's General Fund reserve requirement imposed by the New Mexico Department of Finance and Administration. The remaining balance of *unrestricted net position*, (\$11,959,323), is negative due to the City's net pension liability, net OPEB liability, and related deferred inflows and deferred outflows of resources. Although the net pension liability and net OPEB liability are not expected to be paid by current or future City assets other than the annual pension and benefits contributions required by law, the reporting requirements under GASB 68 and GASB 75 require that the City's proportionate share of these liabilities be reported in the City's financial statements.

City of Bloomfield Management's Discussion and Analysis June 30, 2018

Analysis of Changes in Net Position

The City's net position overall increased by \$655,343 during the current fiscal year. These increases are explained in the government and business-type activities discussion below.

Changes in Net Position For the Year Ended June 30, 2018

Ending net position	\$ 13,516,472	\$	11,195,772	\$ 24,712,244

Governmental activities. Governmental activities decreased City of Bloomfield's net position by \$50,828 in FY 2018 as opposed to a decrease of \$1,318,495 in FY 2017. The key elements of this decrease are as follows:

- The City's expenses decreased by \$953,775 or 10% due mainly to a decrease in pension expense of \$984,455.
- The City's gross receipts tax revenues increased by \$325,792 or 6% over last fiscal year due in part to a 0.25% increase in the City's gross receipts tax rate.

Business-type activities. Business-type activities increased the City's net position by \$706,171. Total business type revenues increased by \$238,939 or 5% from last fiscal year due mainly to an increase of \$232,000 in charges for services revenues from higher water consumption and a new monthly capital charge of \$2.50 per water account and \$2.50 per sewer account that went into effect in February of 2017. Total business-type expenses decreased by \$164,421 due mainly to a decrease in spending on an electric system acquisition project.

City of Bloomfield Management's Discussion and Analysis June 30, 2018

FINANCIAL ANALYSIS OF THE CITY'S FUNDS

As noted earlier, the City of Bloomfield uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of the City of Bloomfield's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City of Bloomfield's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year. Types of Governmental funds reported by the City include the General Fund, Special Revenue Funds, Debt Service Funds, and Capital Projects Funds.

Revenues for governmental functions overall totaled \$8,619,202 in the fiscal year ended June 30, 2018, which represents an increase of \$345,864 from the fiscal year ended June 30, 2017. This is mainly due to an increase in gross receipts tax of \$325,792. Expenditures for governmental functions, totaling \$7,856,134, decreased by \$834,756 from the fiscal year ended June 30, 2017. This decrease was mainly due to a decrease in personnel expense of \$718,089 from the previous fiscal year. In the fiscal year ended June 30, 2018, revenues exceeded expenditures for governmental functions by \$763,068. Overall, after accounting for loan proceeds and other financing sources and uses, fund balances for governmental functions increased by \$991,930.

The General Fund is the chief operating fund of the City of Bloomfield. At the end of the current fiscal year, *unassigned* fund balance of the general fund was \$1,085,802.

The fund balance of the City's general fund increased by \$797,167 during the current fiscal year. There was an excess of revenues over expenditures of \$1,654,123, but this was offset by net transfers to other funds of \$859,310 for debt service and street maintenance expenditures.

Proprietary Funds. The City's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

At the end of the fiscal year, the unrestricted net position for enterprise funds was (\$282,642). The total increase in net position for the enterprise funds was \$706,171. Factors concerning the finances of this fund have been addressed previously in the discussion of the City's business-type activities.

Fiduciary Funds. The City maintains fiduciary funds for the assets of the Motor Vehicle Division for the State of New Mexico. Changes to the fiduciary funds were immaterial for the fiscal year.

General Fund Budgetary Highlights

City budgets reflect the same pattern as seen in the revenue and expenditures of the City. The State of New Mexico budget process is defined under state law and regulation. To enhance the process of developing a budget at the City level, City of Bloomfield utilizes goals and objectives defined by the City Council, community input meetings, long term plans and input from various staff groups to develop the City budget. City priorities are well defined through this process.

GASB Statement No. 34 does not require a statement presenting the overall result of the budget for each year; however, all major budgetary funds are required to be reported as a separate statement.

City of Bloomfield Management's Discussion and Analysis June 30, 2018

Variances

The following table examines the summary budget performance of the general fund for the fiscal year ending June 30, 2018. Detailed budget performance is examined through the Statement of Revenues, Expenditures, and Changes in Fund Balance for the general fund found at Exhibit C-1. Actual general fund expenditures were \$399,330 less than the final budget amount (favorable variance).

Capital Asset and Debt Administration

Capital assets. The City of Bloomfield's capital assets for its governmental and business-type activities as of June 30, 2018 amount to \$44,625,299 (net of accumulated depreciation). Capital assets include land, land improvements, buildings and improvements, furniture, fixtures and equipment, and infrastructure. Total capital assets for governmental activities decreased by \$429,595, due to additions of \$709,210 offset by depreciation expense of \$1,138,805. Total capital assets for business-type activities decreased by \$160,684 due to depreciation of \$504,373, offset by additions of \$343,689.

The significant additions to capital assets during the year were as follows:

- \$470,668 was an addition to governmental equipment for a fire truck.
- \$161,473 was an addition to business-type distribution system for a pump station and tie in to the Harvest Gold subdivision water system (\$10,125 of the total was capitalized in the prior year as construction in progress).
- \$57,643 was an addition to governmental building improvements for improvements to Fire Station #3 (\$51,093 of the total was capitalized in the prior year as construction in progress).
- \$112,813 was an addition to governmental construction in progress for a project to replace the East Blanco Bridge.
- \$97,405 was an addition to business-type construction in progress for a project to upgrade the Wastewater Plant.

City of Bloomfield Management's Discussion and Analysis June 30, 2018

Capital Assets, Net of Depreciation June 30, 2018

	 overnmental Activities	siness-type Activities	Total

Accumulated depreciation	 (15,199,508)	(10,488,801)	(25,688,309)
Capital assets, net of accumulated depreciation	\$ 28,497,406	\$ 16,127,893	\$ 44,625,299

For government-wide financial statement presentation, all depreciable capital assets were depreciated from acquisition date to the end of the current fiscal year. Fund financial statements record capital asset purchases as expenditures. See Note 6 in the accompanying Notes to the Financial Statements for further information regarding capital assets.

Debt Administration. At the end of the current fiscal year, City of Bloomfield had total long-term obligations outstanding of \$17,673,580.

The significant additions to long term debt during the year were as follows:

- \$300,000 for the purchase of a new Fire Truck.
- \$700,000 in judgments payable to settle a lawsuit over a 10 commandments monument at city hall.

See Note 7 in the accompanying Notes to the Financial Statements for further information regarding City of Bloomfield's long-term debt.

City of Bloomfield Management's Discussion and Analysis June 30, 2018

The City knows of no currently known facts, decisions or conditions that are expected to have a significant effect on financial position or results of operations other than the ongoing downturn in the oil and gas industry for the Four Corners region. The City made significant budget cuts in FY 2017 to compensate for the reduction in gross receipts tax revenue and carried those cuts forward to the FY 2018 budget. For FY 2019, the City expected gross receipts tax revenue to remain flat and maintained the same conservative budget estimates.

REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of the City of Bloomfield's finances for all of those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the City of Bloomfield Administration, City of Bloomfield, Post Office Box 1839, Bloomfield, New Mexico, 87413.

Governmental Funds

Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances of Governmental Funds to the Statement of Activities

For the Year Ended June 30, 2018

Amounts reported for governmental activities in the Statement of Activities are different because:

interests sections.	
Net change in fund balances - total governmental funds	\$ 991,930
Governmental funds report capital outlays as expenditures. However in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense:	
Capital expenditures recorded in capital outlay Depreciation expense Donation of capital assets	701,357 (1,138,805) 7,853
Revenues in the statement of activities that do not provide current financial resources are not reported as revenue in the funds:	
Decrease in deferred inflow related to property taxes receivable	(4,238)
Expenses in the Statement of Activities that do not require current financial resources are not reported as expenditures in the funds:	
Increase in accrued compensated absences Decrease in accrued interest Increase in judgments payable Change in net pension liability and the related deferred outflows and deferred inflows of resources related to pensions Change in net OPEB liability and the related deferred outflows and deferred inflows of resources related to other postemployment benefits	(21,561) 5,590 (700,000) (184,376) (98,051)
The issuance of long-term debt (e.g. bonds, notes, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums and similar items when debt is first issued, whereas these amounts are deferred and amortized in the Statement of Activities:	
Amortization of bond premiums and bond discounts Proceeds from the issuance of loans Principal payments on bonds, loans and notes payable Amortization of deferred amount on refunding of debt	 131 (300,000) 791,112 (101,770)
Change in net position of governmental activities	\$ (50,828)

City of Bloomfield Notes to Financial Statements June 30, 2018

NOTE 1. Summary of Significant Accounting Policies

The City of Bloomfield (City) was incorporated in 1953 under provisions of Chapter 3, Article 2, NMSA, 1978 as amended. The City operates under a Council-Mayor form of government and provides the following services as authorized by its charter: public safety (police and fire); highways and streets; water and sewer services; refuse collection; health and social services; culture-recreation; public improvements; planning and zoning; and general administrative services.

The City is a body politic and corporate under the name and form of government selected by its qualified electors. The City may:

- 1. Sue or be sued;
- 2. Enter into contracts and leases;
- 3. Acquire and hold property, both real and personal;
- 4. Have common seal, which may be altered at pleasure;
- 5. Exercise such other privileges that are incident to corporations of like character or degree that are not inconsistent with the laws of New Mexico;
- 6. Protect generally the property of its municipality and its inhabitants;
- 7. Preserve peace and order within the municipality; and
- 8. Establish rates for services provided by municipal utilities and revenue-producing projects, including amounts which the governing body determines to be reasonable in the operation of similar facilities.

This summary of significant accounting policies of the City is presented to assist in the understanding of the City's financial statements. The financial statements and notes are the representation of the City's management who is responsible for their integrity and objectivity. The financial statements of the City have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to government units.

A. Financial Reporting Entity

In evaluating how to define the City, for financial reporting purposes, management has considered all potential component units. The decision to include any potential component units in the financial reporting entity was made by applying the criteria set forth in GASB Statement No. 14, No. 39, and No. 61. Blended component units, although legally separate entities, are in substance part of the government's operations. Each discretely presented component unit is reported in a separate column in the government-wide financial statements to emphasize that it is legally separate from the government.

The basic-but not the only-criterion for including a potential component unit within the reporting entity is the governing body's ability to exercise oversight responsibility. The most significant manifestation of this ability is financial interdependency. Other manifestations of the ability to exercise oversight responsibility include, but are not limited to, the selection of governing authority, the designation of management, the ability to significantly influence operations, and accountability for fiscal matters. A second criterion used in evaluating potential component units is the scope of public service. Application of this criterion involves considering whether the activity benefits the government and/or its citizens. A third criterion used to evaluate potential component units for inclusion or exclusion from the reporting entity is the existence of special financing relationships, regardless of whether the government is able to exercise oversight responsibilities. Finally, the nature and significance of a potential component unit to the primary government could warrant its inclusion within the reporting entity. Based upon the application of these criteria, the City does not have any component units required to be reported under GASB Statements No. 14, No. 39, and No. 61.

B. Government-wide and fund financial statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for services provided.

City of Bloomfield Notes to Financial Statements June 30, 2018

NOTE 1. Summary of Significant Accounting Policies (continued)

B. Government-wide and fund financial statements (continued)

The Statement of Net Position and the Statement of Activities were prepared using the economic resources measurement focus and the accrual basis of accounting. Revenues, expenses, gains, losses, assets and liabilities resulting from exchange-like transactions are recognized when the exchange takes place. Revenues, expenses, gains, losses, assets and liabilities resulting from non-exchange transactions are recognized in accordance with the requirements of GASB Statement No. 33, Accounting and Financial Reporting for Non-exchange Transactions.

In the government-wide Statement of Net Position, both the governmental and business-type activities columns (a) are presented on a consolidated basis by column, (b) and are reported on a full accrual, economic resource basis, which recognized all long-term assets and receivables as well as long-term debt and obligations. The City's net position is reported in three parts – net investment in capital assets; restricted net position; and unrestricted net position.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds, proprietary funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

C. Measurement focus, basis of accounting, and financial statement presentation

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues, other than property tax revenue, to be available if they are collected within 120 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

City of Bloomfield Notes to Financial Statements June 30, 2018

NOTE 1. Summary of Significant Accounting Policies (continued)

C. Measurement focus, basis of accounting, and financial statement presentation (continued)

Property taxes, franchise taxes, licenses and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Sales and use taxes are classified as derived tax revenues and are recognized as revenue when the underlying exchange takes place and the revenues are measurable and available. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. The government-wide full accrual basis property tax receivables recognize revenues net of estimated refunds and uncollectible amounts, in the period for which the taxes are levied, even if they are not available. All other revenue items are considered to be measurable and available only when cash is received by the City.

Program revenues included in the Statement of Activities are derived directly from the program itself or from parties outside the City's taxpayer or citizenry, as a whole; program revenues reduce the cost of the function to be financed from the City's general revenues. Program revenues are categorized as (a) charges for services, which include revenues collected for fees and use of City facilities, etc., (b) program-specific operating grants, which includes revenues received from state and federal sources such as small cities assistance to be used as specified within each program grant agreement, and (c) program-specific capital grants and contributions, which include revenues from state sources to be used for capital projects. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes.

The City reports all direct expenses by function in the Statement of Activities. Direct expenses are those that are clearly identifiable with a function. The City does not currently employ indirect cost allocation systems. Depreciation expense is specifically identified by function and is included in the direct expense of each function. Interest on general long-term debt is considered an indirect expense and is reported separately on the Statement of Activities.

Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other grant requirements have been met and the susceptible to accrual criteria have been met.

Governmental funds are used to account for the City's general government activities, including the collection and disbursement of specific or legally restricted monies, the acquisition or construction of capital assets and the servicing of general long-term debt.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services in connection with the fund's principal ongoing operations. The principal operating revenue of the City's enterprise fund is charges for services for the City's utilities. Operating expenses for enterprise funds include the cost of services, administrative expenses and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Under the requirements of GASB Statement No. 34, the City is required to present certain of its governmental funds as major based upon certain criteria. The major funds presented in the fund financial statements include the following:

The General Fund is the government's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund. Revenues are provided through property and other taxes, federal sources, state sources, charges for services, licenses and fees, and other miscellaneous recoveries and revenue. Expenditures include all costs associated with the daily operation of the City except for items included in other funds.

City of Bloomfield Notes to Financial Statements June 30, 2018

NOTE 1. Summary of Significant Accounting Policies (continued)

C. Measurement focus, basis of accounting, and financial statement presentation (continued)

The Special Street Maintenance Capital Projects Fund accounts for project costs of paving certain streets funded by the City and a cooperation agreement with the New Mexico State Highway Department.

The G.O. Bond Debt Service Fund accounts for the principal and interest expenditures on the City's general obligation bonds and NMFA loans.

The City reports its proprietary funds as major funds. Proprietary funds include:

The Joint Utility Fund accounts for fees generated from charges for utilities.

The Solid Waste Fund accounts for fees generated from charges for trash collection.

Additionally, the government reports the following agency fund:

The *Fiduciary Funds* are purely custodial (assets equal liabilities) and do not involve measurement of results of operations. The City's fiduciary funds are used to account for the collection and payment of motor vehicle fees.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments-in-lieu of taxes, because elimination of these charges would distort the direct costs and program revenues reported in the Statement of Activities.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

D. Assets, Liabilities, Deferred Inflows/Outflows of Resources, and Net Position or Equity

Deposits and Investments: The City's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition.

State statutes authorize the City to invest in Certificates of Deposit, obligations of the U.S. Government, and the State Treasurer's Investment Pool.

Investments for the City are reported at fair value. Fair value is the amount at which a financial instrument could be exchanged in a current transaction between willing parties. All of the City's investments at June 30, 2018, are considered cash equivalents for financial statement purposes.

Receivables and Payables: Interfund activity is reported as loans, services provided, reimbursements or transfers. Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures/expenses. Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers. Transfers between governmental or between proprietary funds are netted as part of the reconciliation to the government-wide financial statements.

Advances between funds, as reported in the fund financial statements, are offset by a fund balance reserve account in applicable governmental funds to indicate that they are not available for appropriation and are not expendable available financial resources.

City of Bloomfield Notes to Financial Statements June 30, 2018

NOTE 1. Summary of Significant Accounting Policies (continued)

D. Assets, Liabilities, Deferred Inflows/Outflows of Resources, and Net Position or Equity (continued)

All receivables are reported at their gross value and, where appropriate, are reduced by the estimated portion that is expected to be uncollectible. In the government-wide and governmental fund financial statements, delinquent property taxes are recorded when levied.

Property taxes are levied on November 1 based on the assessed value of property as listed on the previous January 1 and are due in two payments by November 10th and April 10th. Property taxes uncollected after November 10th and April 10th are considered delinquent and the City may assess penalties and interest. The taxes attach as an enforceable lien on property thirty (30) days thereafter, at which time they become delinquent. Property taxes are collected by San Juan County and remitted monthly to the City.

Inventory: The City's method of accounting for inventory is the consumption method. Under the consumption approach, governments report inventories they purchase as an asset and defer the recognition of the expenditures until the period in which the inventories actually are consumed. Inventory is valued at cost and consists of supplies and materials. The cost of purchased supplies and materials is recorded as an expenditure at the time individual inventory items are consumed.

Restricted Assets: Restricted assets consist of those funds expendable for operating purposes but restricted by donors or other outside agencies as to the specific purpose for which they may be expended.

Capital Assets: Capital assets, which include property, plant, and equipment, are reported in the applicable governmental column in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 (amount not rounded) and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Pursuant to the implementation of GASB Statement No. 34, the City was a phase III government for purposes of implementation, and accordingly, has prospectively reported infrastructure assets at historical cost as part of the governmental capital assets reported in the government-wide statements as of June 30, 2018. Donated capital assets are recorded at estimated fair market value at the date of donation. During the year ended June 30, 2018 the City received \$7,853 in donated capital assets. The City does not develop any software.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. No interest was included as part of the cost of capital assets under construction.

Property, plant, and equipment of the primary government are depreciated using the straight line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Infrastructure	40
Distribution System	40
Buildings and Improvements	45
Land Improvements	20
Furniture, Fixtures, and Equipment	5-20

Accrued Expenses: Accrued expenses are comprised of payroll expenditures based on amounts earned by the employees through June 30, 2018, along with applicable PERA and Retiree Health Care.

City of Bloomfield Notes to Financial Statements June 30, 2018

NOTE 1. Summary of Significant Accounting Policies (continued)

D. Assets, Liabilities, Deferred Inflows/Outflows of Resources, and Net Position or Equity (continued)

Deferred Inflows/Outflows of Resources: In addition to liabilities, the statement of net position and the balance sheet report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. Revenue must be susceptible to accrual (measurable and available to finance expenditures of the current fiscal period) to be recognized. If assets are recognized in connection with a transaction, but those assets are not yet available to finance expenditures of the current fiscal period, then the assets must be offset by a corresponding liability for deferred inflows of resources. In addition to assets, the statement of net position reports a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The City has only one type of item, which arises under the modified accrual basis of accounting that qualifies for reporting as a deferred inflow of resources. Accordingly, the item, unavailable revenue - property taxes, is reported only in the governmental funds balance sheet. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available. The City has recorded \$58,030 related to property taxes considered "unavailable." In the government-wide financial statements, the City reports both deferred outflows of resources and deferred inflows of resources in relation to its pension activity. See the statement of net position for amounts for both governmental activities and business-type activities.

Compensated Absences: Qualified employees are entitled to accumulate annual leave according to a graduated leave schedule of ten days to twenty days per year, depending on length of service. Employees may accumulate up to 320 hours (forty days) of annual leave and carry that leave forward from calendar year to calendar year. Upon termination, employees will be paid for up to 320 hours (forty days) of accrued annual leave.

Qualified employees are entitled to accumulate sick leave at a rate of twelve days per year. Sick leave can be carried over from year to year up to 720 hours (90 days). Upon termination employees will be paid for 25% of their accumulated sick time. Retiring employees will be paid for 50% of their accumulated sick time.

Vested or accumulated vacation and sick leave that is expected to be liquidated with expendable available financial resources is reported as an expenditure and a fund liability of the governmental fund that will pay it. In prior years, substantially all of the related expenditures have been liquidated by the general fund. Amounts of vested or accumulated vacation and sick leave that are not expected to be liquidated with expendable available financial resources are reported in the government-wide statement of net position.

Long-term Obligations: In the government-wide fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method, or the straight-line method, if the difference is inconsequential.

Pensions: For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the New Mexico Public Employees Retirement Association (PERA) and additions to/deductions from PERA's fiduciary net position have been determined on the same basis as they are reported by PERA, on the economic resources measurement focus and accrual basis of accounting. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

City of Bloomfield Notes to Financial Statements June 30, 2018

NOTE 1. Summary of Significant Accounting Policies (continued)

D. Assets, Liabilities, Deferred Inflows/Outflows of Resources, and Net Position or Equity (continued)

Postemployment Benefits Other Than Pensions (OPEB): For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the New Mexico Retiree Health Care Authority (NMRHCA) and additions to and deductions from NMRHCA's fiduciary net position have been determined on the same basis as they are reported by NMRHCA. For this purpose, NMRHCA recognizes benefit payments when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Fund Balance Classification Policies and Procedures: For committed fund balance, the City's highest level of decision-making authority is the City Council. The formal action that is required to be taken to establish a fund balance commitment is an ordinance or resolution passed by the City Council.

For assigned fund balance, the City Council or an official or body to which the City Council delegates the authority is authorized to assign amounts to a specific purpose. The authorization policy is that in governmental funds other than the general fund, assigned fund balance represents the amount that is not restricted or committed. This indicates that resources in other governmental funds are, at a minimum, intended to be used for the purpose of that fund.

For the classification of fund balances, the City considers restricted amounts to have been spent first when an expenditure is incurred for the purposes for which both restricted and unrestricted fund balance is available. Also for the classification of fund balances, the City considers committed amounts to have been spent first, followed by assigned amounts, and then unassigned amounts when an expenditure is incurred for purposes for which amounts in any of those unrestricted fund balance classifications could be used.

Nonspendable Fund Balance: At June 30, 2018, the City did not have any nonspendable fund balance categorized in the governmental funds balance sheet.

Restricted and Committed Fund Balance: At June 30, 2018, the City has presented restricted fund balance on the governmental funds balance sheet in the amount of \$2,229,217 for various City operations, of which \$567,830 is restricted by enabling legislation, and \$1,661,387 by externally imposed restrictions from creditors, grantors, contributors, or laws or regulations of other governments. Of the \$1,661,387, \$490,300 is restricted in the General Fund by a reserve requirement imposed by the New Mexico Department of Finance and Administration which is one twelfth of budgeted General Fund expenditures. The City has also presented committed fund balance on the governmental funds balance sheet in the amount of \$43,145 in order to provide services throughout the City. The \$43,145 was committed by formal action of the City Council. Assigned fund balance, in the amount of \$99,734, has also been reported, of which \$69,222 was assigned by the City Council, and \$30,512 was assigned at the department level by policy.

Minimum Fund Balance Policy: The City's policy for maintaining a minimum amount of fund balance for operations is to minimize any sudden and unplanned discontinuity to programs and operations and for unforeseen contingencies. At a minimum, the budget shall ensure that the City holds cash reserves of 1/12th of General Fund expenditures.

Interfund Transactions: Quasi-external transactions are accounted for as revenues, expenditures or expenses. Transactions that constitute reimbursements to a fund from expenditures/expenses initially made from it that are properly applicable to another fund, are recorded as expenditures/expenses in the reimbursing fund and as reductions of expenditures/expenses in the fund that is reimbursed.

All other interfund transactions, except quasi-external transactions and reimbursements are reported as transfers. Nonrecurring or nonroutine permanent transfers of equity are reported as residual equity transfers. All other interfund transfers are reported as operating transfers.

City of Bloomfield Notes to Financial Statements June 30, 2018

NOTE 1. Summary of Significant Accounting Policies (continued)

D. Assets, Liabilities, Deferred Inflows/Outflows of Resources, and Net Position or Equity (continued)

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates. Significant estimates in the City's financial statements include the allowance for uncollectible accounts in the joint utility and solid waste funds.

NOTE 2. Stewardship, Compliance and Accountability

Budgetary Information

Annual budgets of the City are prepared prior to June 1 and must be approved by resolution of the City Council, and submitted to the Department of Finance and Administration for State approval. Once the budget has been formally approved, any amendments must also be approved by the City Council and the Department of Finance and Administration. A separate budget is prepared for each fund. Line items within each budget may be over-expended; however, it is not legally permissible to over-expend any budget in total.

These budgets are prepared on the Non-GAAP budgetary basis, excluding encumbrances, and secure appropriation of funds for only one year. The budgetary information presented in these financial statements has been amended in accordance with the above procedures. These amendments resulted in the following changes:

	Excess (deficiency) of				
	revenues over expenditures				
	Original Final				
		Budget	Budget		
Budgeted Funds:		_		_	
General Fund	\$	1,215,634	\$	1,215,634	
Special Street Maintenance Capital Projects Fund	\$	(447,773)	\$	(161,290)	
G.O. Bond Debt Service Fund	\$	(885,916)	\$	(885,996)	
Other Governmental Funds	\$	58,839	\$	(241,161)	
Joint Utility Proprietary Fund	\$	(383,274)	\$	(404,495)	
Solid Waste Proprietary Fund	\$	26,190	\$	26,190	

Formal budgetary integration is employed as a management control device during the year for the General Fund, Special Revenue Funds, Debt Service Funds, Capital Projects Funds, and Proprietary Funds.

The City is required to balance its budgets each year. Accordingly, amounts that are excess or deficient are presented as changes in cash designated for expenditures, not as an excess or deficiency of revenues over expenditures.

The accompanying Statements of Revenues, Expenditures and Changes in Fund Balance – Budget (Non-GAAP Budgetary Basis) and Actual presents comparisons of the legally adopted budget with actual data on a budgetary basis. Since accounting principles applied for purposes of developing data on a budgetary basis differ significantly from those used to present financial statements in conformity with generally accepted accounting principles, a reconciliation of resultant basis, perspective, equity and timing differences in the excess (deficiency) of revenues and other sources of financial resources for the year ended June 30, 2018 is presented.

City of Bloomfield Notes to Financial Statements June 30, 2018

NOTE 3. Deposits and Investments

State statutes authorize the investment of City funds in a wide variety of instruments including certificates of deposit and other similar obligations, state investment pool, money market accounts, and United States Government obligations. All invested funds of the City properly followed State investment requirements as of June 30, 2018.

Deposits of funds may be made in interest or non-interest bearing checking accounts in one or more banks or savings and loan associations within the geographical boundaries of the City. Deposits may be made to the extent that they are insured by an agency of the United States or collateralized as required by statute. The financial institution must provide pledged collateral for 50% of the deposit amount in excess of the deposit insurance.

The rate of interest in non-demand interest-bearing accounts shall be set by the State Board of Finance, but in no case shall the rate of interest be less than one hundred percent of the asked price on United States treasury bills of the same maturity on the day of deposit.

Excess funds may be temporarily invested in securities which are issued by the State or by the United States government, or by their departments or agencies, and which are either direct obligations of the State or the United States or are backed by the full faith and credit of those governments.

By operation of federal law, beginning January 1, 2013, funds deposited in a noninterest-bearing transaction account (including an Interest on Lawyer Trust Account) no longer will receive unlimited deposit insurance coverage by the FDIC. Beginning January 1, 2013, all of the City's accounts at an insured depository institution, including all noninterest-bearing transaction accounts, will be insured by the FDIC up to the Standard Maximum Deposit Insurance Amount of \$250,000.

Custodial Credit Risk – Deposits. Custodial credit risk is the risk that in the event of a bank failure, the City's deposits may not be returned to it. The City does not have a deposit policy for custodial credit risk, other than following state statutes as put forth in the Public Money Act (Section 6-10-1 to 6-10-63, NMSA 1978). At June 30, 2018, \$3,117,753 of the City's bank balance of \$3,872,609 was exposed to custodial credit risk. Although the \$3,117,753 was uninsured, \$2,830,752 of this amount was collateralized by collateral held by the pledging bank's trust department, not in the City's name. \$924,127 of the City's deposits were uninsured and uncollateralized at June 30, 2018.

	Wells Fargo Bank	Citizen's Bank	Total
Amount of deposits FDIC coverage Total uninsured public funds	\$ 2,769,427	\$ 1,103,182	\$ 3,872,609
	(356,798)	(398,058)	(754,856)
	2,412,629	705,124	3,117,753
Collateralized by securities held by pledging institutions or by its trust department or agent in other than the City's name Uninsured and uncollateralized	1,488,502 \$ 924,127	705,124	2,193,626 \$ 924,127
Collateral requirement (50% of uninsured funds) Pledged Collateral Over (Under) collateralized	\$ 1,206,315	\$ 352,562	\$ 1,558,877
	1,488,502	1,342,250	2,830,752
	\$ 282,187	\$ 989,688	\$ 1,271,875

As of June 30, 2018, the City had the following investments and maturities:

<u>Investment Type</u>	<u>Maturities</u>		Fair Value	Rating		
U.S. Treasury MM Mutual Funds *Rating based on Moody's	<360 days	\$	1,301,813	Aaa*		

City of Bloomfield Notes to Financial Statements June 30, 2018

NOTE 3. Deposits and Investments (continued)

Custodial Credit Risk - Investments For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The City's policy related to investments is to comply with the state statute as put forth in the Public Money Act (Section 6-10-1 to 6-10-63, NMSA 1978). The carrying value of the City's investments at June 30, 2018 was \$1,301,813.

The investments are listed on Schedule I of this report. They are considered restricted cash and investments for financial statement purposes. The total restricted cash and cash equivalents balance of \$1,586,273 also consists of \$137,480 in cash being held in the Joint Utility Fund for customer deposits and \$146,106 in cash being held in the G.O. Bond Debt Service Fund for payment of general obligation bonds.

Reconciliation to the Statements of Net Position

The carrying amount of deposits and investments shown above are included in the City's Statement of Net Position as follows:

Reconciliation to the Statement of Net Position:

Cash and cash equivalents per Exhibit A-1 Restricted cash and investments per Exhibit A-1 Agency funds cash per Exhibit E-1	\$3,052,502 1,586,273 141
Total cash and cash equivalents	4,638,916
Add: deposits in transit and other reconciling items Less: U.S. Treasury Money Market Mutual Fund Less: petty cash	537,556 (1,301,813) (2,050)
Bank balance of deposits	\$3,872,609

NOTE 4. Receivables

Receivables as of June 30, 2018, including the applicable allowances for uncollectible accounts, are as follows:

Governmental Activities:

	Ger	neral Fund	Mai (cial Street ntenance Capital ects Fund	Deb	D. Bond of Service Fund	Gov	Other ernmental Funds	 Total
Property taxes	\$	71,082	\$	_	\$	12,039	\$	-	\$ 83,121
Other taxes:									
Gross receipts taxes		882,331		-		-		68,663	950,994
Gas oline taxes		-		40,081		-		-	40,081
Motor vehicle taxes		4,273		-		-		-	4,273
Franchise and lodgers taxes		109,418		-		-		5,609	115,027
Other receivables:									
Intergovernmental grants:									
State		2,055		-		-		-	2,055
Miscellaneous		12,742							 12,742
Totals	\$	1,081,901	\$	40,081	\$	12,039	\$	74,272	\$ 1,208,293

City of Bloomfield Notes to Financial Statements June 30, 2018

NOTE 4. Receivables (continued)

In accordance with GASB No. 33, the property tax revenues that were not collected within the period of availability, \$58,030, have been reclassified as deferred inflows in the governmental fund financial statements. The above receivables are deemed 100% collectible.

Business-Type Activities:

	Joint Utility		Sol	lid Waste	Total		
Utility fees Less: Allowance for	\$	777,131	\$	133,429	\$	910,560	
uncollectible accounts		(227,946)		(36,312)		(264,258)	
Totals	\$	549,185	\$	97,117	\$	646,302	

NOTE 5. Interfund Receivables, Payables, and Transfers

Operating transfers, made to close out funds and to supplement other funding sources in the normal course of operations, were as follows:

Primary Government	Transfers Out	Transfers In
General Fund	891,730	
Joint Utility Fund		105,912
Special Street Maintenance Fund		403,340
G.O. Bond Fund		382,478
Capital Equipment Replacement Fund	372,946	
G.O. Bond Fund		372,946
Joint Utility Fund	16,210	
Solid Waste Fund	16,210	
General Fund		32,420
	1,297,096	1,297,096

The City recorded interfund receivable/payable to reflect a temporary loan between funds. The purpose of the loan was to cover cash shortages until grant reimbursements could be obtained.

Due From Other Fund	Due To Other Fund	A	mount
General Fund	Special Street Maintenance Fund	\$	2,463
General Fund	KAB - Bloomfield Pride Fund		1,300
General Fund	Joint Utility Fund		1,880
Fire Department Construction Fund	General Fund		402
G.O. Bond Fund	General Fund		4,154
		\$	10,199

All interfund transactions are short-term and are expected to be repaid within a year.

City of Bloomfield Notes to Financial Statements June 30, 2018

NOTE 6. Capital Assets

Net Capital Assets

A summary of capital assets and changes occurring during the year ended June 30, 2018, including those changes pursuant to the implementation of GASB Statement No. 34, follows. Land and construction in progress are not subject to depreciation.

Corresponded Activities					
Governmental Activities:	Balance	Additions &	Deletions &	Balance	
	June 30, 2017	Transfers In	Transfers Out	June 30, 2018

City of Bloomfield Notes to Financial Statements June 30, 2018

NOTE 7. Long-term Debt (continued)

The annual requirements to amortize the capital lease as of June 30, 2018, including interest payments are as follows:

Fiscal Year Ending June 30,	Principal	Interest	Total Debt Service
2019	40,536	3,074	43,610
2020	42,980	1,605	44,585
2021	21,146	222	21,368
	\$ 104,662	\$ 4,901	\$ 109,563

<u>Compensated Absences</u> – Employees of the City are able to accrue a limited amount of vacation and other compensatory time during the year. During fiscal year June 30, 2018, long-term compensated absences increased \$21,561 over the prior year accrual.

<u>Judgments</u> – On December 5, 2017, the City reached a settlement agreement in the case of Felix, et al. v. City of Bloomfield. The City agreed to pay the sum of \$700,000 for attorneys' fees and costs to the plaintiff's attorneys payable in full by close of business on June 30, 2021. If payment is not made in full by that date, the City agreed to pay interest at the rate of 8.75% as to all amounts remaining unpaid as of June 30, 2021, to be calculated as of the date of the Court's judgment for attorneys' fees and costs.

In prior years, the general fund has typically been used to liquidate long-term liabilities other than debt including capital leases and compensated absences.

Proprietary Funds

The Joint Utility fund has incurred various forms of debt which were used for the purposes of constructing, expanding, repairing and making improvements to its property, plant and equipment. The following schedule shows the changes to its various forms of debt during the fiscal year ended June 30, 2018:

Proprietary Funds

	\$	442,076	\$	103,224	\$	545,300

<u>Compensated Absences</u> – Employees of the City are able to accrue a limited amount of vacation and other compensatory time during the year. During fiscal year June 30, 2018, long-term compensated absences increased \$11,671 from the prior year accrual.

Proprietary debt has been liquidated by the Joint Utility Fund in prior years.

NOTE 8. Risk Management

The City is exposed to various risks of loss related to torts, thefts of, damage to, and destruction of property, errors and omissions and natural disasters. The City participates in the New Mexico Self-Insurers' Fund risk pool. The City has not filed any claims for which the settlement amount exceeded the insurance coverage during the past three years. However, should a claim be filed against the City which exceeds the insurance coverage, the City would be responsible for a loss in excess of the coverage amounts. As claims are filed, the New Mexico Self-Insurers' Fund assesses and estimates the potential for loss and handles all aspects of the claim. Insurance coverage's have not changed significantly from prior years and coverage's are expected to be continued.

At June 30, 2018, no unpaid claims have been filed which exceed the policy limits and to the best of management's knowledge and belief all known and unknown claims will be covered by insurance.

New Mexico Self-Insurers' Fund has not provided information on an entity by entity basis that would allow for a reconciliation of changes in the aggregate liabilities for claims for the current fiscal year and the prior fiscal year.

City of Bloomfield Notes to Financial Statements June 30, 2018

NOTE 9. PERA Pension Plan

Plan Description. Public Employees Retirement Fund is a cost-sharing, multiple employer defined benefit pension plan. This fund has six divisions of members, including State General, State Police/Adult Correction Officers, Municipal General, Municipal Police/Detention Officers, Municipal Fire, and State Legislative Divisions, and offers 24 different types of coverage within the PERA plan. All assets accumulated may be used to pay benefits, including refunds of member contributions, to any of the plan members or beneficiaries, as defined by the terms of this plan. Certain coverage plans are only applicable to a specific division. Eligibility for membership in the Public Employees Retirement Fund is set forth in the Public Employees Retirement Act (Chapter 10, Article 11, NMSA 1978). Except as provided for in the Volunteer Firefighters Retirement Act (10-11A-1 to 10-11A-7, NMSA 1978), the Judicial Retirement Act (10-12B-1 to 10-12B-19, NMSA 1978), the Magistrate Retirement Act (10-12C-1 to 10-12C-18, NMSA 1978), and the Educational Retirement Act (Chapter 22, Article 11, NMSA 1978), each employee and elected official of every affiliated public employer is required to be a member in the Public Employees Retirement Fund, unless specifically excluded.

Benefits provided. Benefits are generally available at age 65 with five or more years of service or after 25 years of service regardless of age for TIER I members. Provisions also exist for retirement between ages 60 and 65, with varying amounts of service required. Certain police and fire members may retire at any age with 20 or more years of service for Tier I members. Generally, the amount of retirement pension is based on final average salary, which is defined under Tier I as the average of salary for the 36 consecutive months of credited service producing the largest average; credited service; and the pension factor of the applicable coverage plan. Monthly benefits vary depending upon the plan under which the member qualifies, ranging from 2% to 3.5% of the member's final average salary per year of service. The maximum benefit that can be paid to a retiree may not exceed a range of 60% to 90% of the final average salary, depending on the division. Benefits for duty and non-duty death and disability and for post-retirement survivors' annuities are also available.

TIER II

The retirement age and service credit requirements for normal retirement for PERA state and municipal general members hired increased effective July 1, 2013 with the passage of Senate Bill 27 in the 2013 Legislative Session. Under the new requirements (Tier II), general members are eligible to retire at any age if the member has at least eight years of service credit and the sum of the member's age and service credit equals at least 85 or at age 67 with 8 or more years of service credit. General members hired on or before June 30, 2013 (Tier I) remain eligible to retire at any age with 25 or more years of service credit. Under Tier II, police and firefighters in Plans 3, 4 and 5 are eligible to retire at any age with 25 or more years of service credit. State police and adult correctional officers, peace officers and municipal juvenile detention officers will remain in 25-year retirement plans, however, service credit will no longer be enhanced by 20%. All public safety members in Tier II may retire at age 60 with 6 or more years of service credit. Generally, under Tier II pension factors were reduced by .5%, employee Contribution increased 1.5 percent and effective July 1, 2014 employer contributions were raised .05 percent. The computation of final average salary increased as the average of salary for 60 consecutive months.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions. At June 30, 2018, the City reported a combined liability of \$7,871,969 for its proportionate share of the net pension liability of the three divisions in which it participates. The net pension liability was measured as of June 30, 2017, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2016. The total pension liability was rolled-forward from the valuation date to the plan year ending June 30, 2017 using generally accepted actuarial principles. Therefore, the employer's portion was established as of the measurement date of June 30, 2017. There were no significant events or changes in benefit provision that required an adjustment to the roll-forward liabilities as of June 30, 2017. The City's proportion of the net pension liability was based on a projection of the City's long-term share of contributions to the pension plan relative to the projected contributions of all participating entities, actuarially determined.

City of Bloomfield Notes to Financial Statements June 30, 2018

NOTE 9. PERA Pension Plan (continued)

For PERA Fund Municipal General Division, at June 30, 2018, the City of Bloomfield reported a liability of \$3,626,209 for its proportionate share of the net pension liability. At June 30, 2017, the City's proportion was 0.2639 percent, which was a decrease of 0.0732 percent from its proportion measured as of June 30, 2016.

For the year ended June 30, 2018, the City of Bloomfield recognized PERA Fund Municipal General Division pension expense of \$257,400. At June 30, 2018, the City reported PERA Fund Municipal General Division deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Ou	Deferred tflows of esources	Deferred Inflows of Resources
Differences between expected and actual experience	\$	142,485	185,724
Changes of assumptions		167,222	37,472
Net difference between projected and actual earnings on pension plan investments		297,509	-
Changes in proportion and differences between City of Bloomfield contributions and proportionate share of contributions		60,531	622,134
City of Bloomfield contributions subsequent to the measurement date		195,081	-
Total	\$	862,828	845,330

\$195,081 reported as deferred outflows of resources related to pensions resulting from the City's contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2019. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:

2018	\$ (78,490)
2019	125,951
2020	(138,099)
2021	(86,945)
2022	
Total	\$ (177,583)

City of Bloomfield Notes to Financial Statements June 30, 2018

NOTE 9. PERA Pension Plan (continued)

For PERA Fund Municipal Police Division, at June 30, 2018, the City of Bloomfield reported a liability of \$2,726,716 for its proportionate share of the net pension liability. At June 30, 2017, the City's proportion was 0.4908 percent, which was a decrease of 0.0632 percent from its proportion measured as of June 30, 2016.

For the year ended June 30, 2018, the City of Bloomfield recognized PERA Fund Municipal Police Division pension expense of \$201,750. At June 30, 2018, the City reported PERA Fund Municipal Police Division deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	_	eferred tflows of	Deferred Inflows of
	Re	sources	Resources
Differences between expected and actual experience	\$	165,607	509,460
Changes of assumptions		162,230	63,405
Net difference between projected and actual earnings on pension plan investments		219,600	-
Changes in proportion and differences between City of Bloomfield contributions and proportionate share of contributions		45,486	333,223
City of Bloomfield contributions subsequent to the measurement date		191,779	-
Total	\$	784,702	906,088

\$191,779 reported as deferred outflows of resources related to pensions resulting from the City's contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2019. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:

2018	\$ (143,934)
2019	49,858
2020	(154,881)
2021	(64,208)
2022	
Total	\$ (313,165)

City of Bloomfield Notes to Financial Statements June 30, 2018

NOTE 9. PERA Pension Plan (continued)

For PERA Fund Municipal Fire Division, at June 30, 2018, the City of Bloomfield reported a liability of \$1,519,044 for its proportionate share of the net pension liability. At June 30, 2017, the City's proportion was 0.2655 percent, which was a decrease of 0.1385 percent from its proportion measured as of June 30, 2016.

For the year ended June 30, 2018, the City of Bloomfield recognized PERA Fund Municipal Fire Division pension expense of \$181,223. At June 30, 2018, the City reported PERA Fund Municipal Fire Division deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of		Deferred Inflows of	
	Re	sources	Resources	
Differences between expected and actual experience	\$	49,600	190,209	
Changes of assumptions		60,054	9,524	
Net difference between projected and actual earnings on pension plan investments		57,023	-	
Changes in proportion and differences between City of Bloomfield contributions and proportionate share of contributions		253,737	564,321	
City of Bloomfield contributions subsequent to the measurement date		44,334	-	
Total	\$	464,748	764,054	

\$44,334 reported as deferred outflows of resources related to pensions resulting from the City's contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2019. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:

2018	\$ 12,216
2019	(130,497)
2020	(208,929)
2021	(16,430)
2022	
Total	\$ (343,640)

City of Bloomfield Notes to Financial Statements June 30, 2018

NOTE 9. PERA Pension Plan (continued)

Actuarial assumptions. The total pension liability in the June 30, 2017 actuarial valuation was determined using the following significant actuarial assumptions, applied to all periods included in the measurement:

Actuarial valuation date	June 30, 2016
Actuarial cost method	Entry age normal
Amortization method	Level percentage of pay
Amortization period	Solved for based on statutory rates
Asset valuation method	4 Year smoothed market value
Actuarial assumptions:	
Investment rate of return	7.51% annual rate, net of investment expense
Projected benefit payment	100 years
Payroll growth	2.75% for first 9 years, then 3.25% annual rate
Projected salary increases	2.75% to 14.00% annual rate
 Includes inflation at 	2.25% annual rate first 9 years, 2.75% all other years
Mortality Assumption	RP-2000 Mortality Tables (Combined table for healthy post-retirement, Employee table for active members, and Disabled table for disabled retirees before retirement age) with projection to 2018 using Scale AA.
Experience Study Dates	July 1, 2008 to June 30, 2013 (demographic) and July 1, 2010 through June 30, 2016 (economic)

The total pension liability, net pension liability, and certain sensitivity information are based on an actuarial valuation performed as of June 30, 2016. The total pension liability was rolled-forward from the valuation date to the plan year ended June 30, 2017. These assumptions were adopted by the Board use in the June 30, 2016 actuarial valuation.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real
		Rate of Return
Global Equity	43.5%	7.39%
Risk Reduction & Mitigation	21.5	1.79
Credit Oriented Fixed Income	15.0	5.77
Real Assets to include Real Estate Equity	20.0	7.35
Total	100.0%	

City of Bloomfield Notes to Financial Statements June 30, 2018

NOTE 9. PERA Pension Plan (continued)

Discount rate. A single discount rate of 7.51% was used to measure the total pension liability as of June 30, 2017. This single discount rate was based on a long-term expected rate of return on pension plan investments of 7.51%, compounded annually, net of expense. Based on the stated assumptions and the projection of cash flows, the plan's fiduciary net position and future contributions were projected to be available to finance all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all period of projected benefit payments to determine the total pension liability.

The projections of cash flows used to determine this single discount rate assumed that plan member and employer contributions will be made at the current statutory levels.

Sensitivity of the City of Bloomfield's proportionate share of the net pension liability to changes in the discount rate. The following presents the City's proportionate share of the net pension liability calculated using the discount rate of 7.51 percent, as well as what the City's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.51 percent) or 1-percentage-point higher (8.51 percent) than the current rate:

				Current	
	1%	6 Decrease	Dis	count Rate	 6 Increase
		(6.51%)		(7.51%)	 (8.51%)
PERA Fund Municipal General Division					
City of Bloomfield's proportionate share of the net pension liability	\$	5,683,467	\$	3,626,209	\$ 1,915,313
PERA Fund Municipal Police Division					
City of Bloomfield's proportionate share of the net pension liability	\$	4,348,355	\$	2,726,716	\$ 1,395,921
PERA Fund Municipal Fire Division					
City of Bloomfield's proportionate share of the net pension liability	\$	2,035,912	\$	1,519,044	\$ 1,093,097

Pension plan fiduciary net position. Detailed information about the pension plan's fiduciary net position is available in separately issued PERA financial reports.

NOTE 10. Other Postemployment Benefits (OPEB)

General Information about the OPEB

Plan description. Employees of the City are provided with OPEB through the Retiree Health Care Fund (the Fund)—a cost-sharing multiple-employer defined benefit OPEB plan administered by the New Mexico Retiree Health Care Authority (NMRHCA). NMRHCA was formed February 13, 1990, under the New Mexico Retiree Health Care Act (the Act) of New Mexico Statutes Annotated, as amended (NMSA 1978), to administer the Fund under Section 10-7C-1-19 NMSA 1978. The Fund was created to provide comprehensive group health insurance coverage for individuals (and their spouses, dependents and surviving spouses) who have retired or will retire from public service in New Mexico.

City of Bloomfield Notes to Financial Statements June 30, 2018

NOTE 10. Other Postemployment Benefits (continued)

NMRHCA is an independent agency of the State of New Mexico. The funds administered by NMRHCA are considered part of the State of New Mexico financial reporting entity and are OPEB trust funds of the State of New Mexico. NMRHCA's financial information is included with the financial presentation of the State of New Mexico.

Benefits provided. The Fund is a multiple employer cost sharing defined benefit healthcare plan that provides eligible retirees (including terminated employees who have accumulated benefits but are not yet receiving them), their spouses, dependents and surviving spouses and dependents with health insurance and prescription drug benefits consisting of a plan, or optional plans of benefits, that can be contributions to the Fund and by co-payments or out-of-pocket payments of eligible retirees.

Employees covered by benefit terms. At June 30, 2017, the Fund's measurement date, the following employees were covered by the benefit terms:

Plan Membership	
Current retirees and surviving spouses	51,208
Inactive and eligible for deferred benefit	11,478
Current active members	97,349
	160,035
Active membership	
State general	19,593
State police and corrections	1,886
Municipal general	21,004
Municipal police	3,820
Municipal FTRE	2,290
Educational Retirement Board	48,756
	97,349

Contributions. Employer and employee contributions to the Fund total 3% for non-enhanced retirement plans and 3.75% of enhanced retirement plans of each participating employee's salary as required by Section 10-7C-15 NMSA 1978. The contributions are established by statute and are not based on an actuarial calculation. All employer and employee contributions are non-refundable under any circumstance, including termination of the employer's participation in the Fund. Contributions to the Fund from the City were \$74,940 for the year ended June 30, 2018.

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

At June 30, 2018, the City reported a liability of \$5,113,993 for its proportionate share of the net OPEB liability. The net OPEB liability was measured as of June 30, 2017, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of that date. The City's proportion of the net OPEB liability was based on actual contributions provided to the Fund for the year ending June 30, 2017. At June 30, 2017, the City's proportion was 0.11285 percent.

City of Bloomfield Notes to Financial Statements June 30, 2018

NOTE 10. Other Postemployment Benefits (continued)

For the year ended June 30, 2018, the City recognized OPEB expense of \$203,318. At June 30, 2018 the City reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources		Deferred Inflows of Resources	
Difference between expected and actual experience	\$	-	\$	196,248
Changes of assumptions		-		894,117
Differences between actual and projected earnings on OPEB plan investments		-		73,568
Contributions made after the measurement date		74,940		-
Total	\$	74,940	\$	1,163,933

Deferred outflows of resources totaling \$74,940 represent City contributions to the Fund made subsequent to the measurement date and will be recognized as a reduction of net OPEB liability in the year ending June 30, 2019. Other amounts reported as deferred outflows of resources and deferred inflows of resources will be recognized in OPEB expense as follows:

Year ended June 30:	
2019	(247,460)
2020	(247,460)
2021	(247,460)
2022	(247,460)
2023	(174,093)
Total	(1,163,933)

Actuarial assumptions. The total OPEB liability was determined by an actuarial valuation using the following actuarial assumptions:

Valuation Date	June 30, 2017
Actuarial cost methos	Entry age normal, level percent of pay, calculated on
	individual employee basis
Asset valuation method	Market value of assets
Actuarial assumptions:	
Inflation	2.5% for ERB; 2.25% for PERA
Projected payroll increases	3.50%
Investment rate of return	7.25%, net of OPEB plan investment expense and
	margin for adverse deviation including inflation
Health care cost trend rate	8% graded down to 4.5% over 14 years for Non-
	Medicare medical plan costs and 7.5% graded down
	to 4.5% over 12 for Medicare medical plan costs

City of Bloomfield Notes to Financial Statements June 30, 2018

NOTE 10. Other Postemployment Benefits (continued)

Rate of Return. The long-term expected rate of return on OPEB plan investments was determined using a building-block method in which the expected future real rates of return (net of investment fees and inflation) are developed for each major asset class. These returns are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage, adding expected inflation and subtracting expected investment expenses and a risk margin. The target allocation and projected arithmetic real rates of return for each major asset class, after deducting inflation, but before investment expenses, used in the derivation of the long-term expected investment rate of return assumptions.

The best estimates for the long-term expected rate of return is summarized as follows:

	Long-Term
Asset Class	Rate of Return
U.S. core fixed income	4.1%
U.S. equity - large cap	9.1
Non U.S emerging markets	12.2
Non U.S developed equities	9.8
Private equity	13.8
Credit and structured finance	7.3
Real estate	6.9
Absolute return	6.1
U.S. equity - small/mid cap	9.1

Discount Rate. The discount rate used to measure the Fund's total OPEB liability is 3.81% as of June 30, 2017. The projection of cash flows used to determine the discount rate assumed that employer contributions will be made at rates proportional to the actuary determined contribution rates. For this purpose, employer contributions that are intended to fund benefits of current plan members and their beneficiaries are included. Projected employer contributions that are intended to fund the service costs for future plan members and their beneficiaries are not included. Based on those assumptions, the Fund's fiduciary net position was projected to be available to make all projected future benefit payments for current plan members through the fiscal year ending June 30, 2028. Thus, the 7.25% discount rate was used to calculate the net OPEB liability through 2029. Beyond 2029, the index rate for 20-year, tax exempt general obligation municipal bonds with an average rating of AA/Aa or higher. Thus, 3.81% is the blended discount rate.

Sensitivity of the net OPEB liability to changes in the discount rate and healthcare cost trend rates. The following presents the net OPEB liability of the City, as well as what the City's net OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (2.81 percent) or 1-percentage-point higher (4.81 percent) than the current discount rate:

1'	% Decrease	Curr	ent Discount	19	6 Increase
	(2.81%)		(3.81%)		(4.81%)
\$	6,203,194	\$	5,113,993	\$	4,259,417

The following presents the net OPEB liability of the City, as well as what the City's net OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower or 1-percentage-point higher than the current healthcare cost trend rates:

		Cu	rrent Trend		
1%	6 Decrease		Rates	19	6 Increase
\$	4,349,803	\$	5,113,993	\$	5,709,872

City of Bloomfield Notes to Financial Statements June 30, 2018

NOTE 10. Other Postemployment Benefits (continued)

OPEB plan fiduciary net position. Detailed information about the OPEB plan's fiduciary net position is available in NMRHCA's audited financial statements for the year ended June 30, 2017.

Payable Changes in the Net OPEB Liability. At June 30, 2018, the City reported a payable of \$2,747 for outstanding contributions due to NMRHCA for the year ended June 30, 2018.

NOTE 11. Contingent Liabilities

The City is party to various claims and lawsuits in the normal course of business. Management and the City's attorney are unaware of any material pending or threatened litigation, claims or assessments against the City which are not covered by the City's insurance.

NOTE 12. Federal and State Grants

In the normal course of operations, the City receives grant funds from various federal and state agencies. Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, the purpose of which is to ensure compliance with conditions precedent to the granting of funds. Any liability for reimbursement which may arise as a result of these audits is not believed to be material.

NOTE 13. Landfill Closure and Post Closure Care Costs

The City currently contracts with an independent commercial entity to collect, haul away and maintain a landfill site for its solid waste. City management believes that the City does not have any real or potential liability for closure or post closure care costs at the landfill sites used by its contractor. All other landfill sites used by the City were closed more than 20 years ago.

NOTE 15. Subsequent Events

The date to which events occurring after June 30, 2018, the date of the most recent balance sheet, have been evaluated for possible adjustment to the financial statements or disclosures is December 13, 2018 which is the date on which the financial statements were available to be issued.

There were no events that occurred during this time period that would require adjustment to the financial statements or disclosure in the notes to the financial statements.

NOTE 16. Other Required Individual Fund Disclosures

Generally accepted accounting principles require disclosures of certain information concerning individual funds including:

- A. Deficit fund balance of individual funds. There were no funds with a deficit fund balance as of June 30, 2018.
- B. Excess of expenditures over appropriations. There were no funds that exceeded approved budgetary authority for the year ended June 30, 2018.
- C. Designated cash appropriations in excess of available balances. There were no funds that had designated cash appropriations in excess of available balances at June 30, 2018.

City of Bloomfield Notes to Financial Statements June 30, 2018

NOTE 17. Restricted Net Position

The government-wide statement of net position reports \$2,209,896 of restricted assets, \$567,830 of which is restricted by enabling legislation, and \$1,642,066 is restricted by creditors, grantors, contributors, or laws or regulations of other governments.

NOTE 18. Pledged Revenues

The City of Bloomfield has pledged revenues from various sources to repay its debt. The following table gives detail on specific pledges and the debt with which they are associated:

		Amount

NOTE 19. Net Position Restatement

The City has restated beginning net position in the amount of (\$4,639,616) for Governmental Activities and (\$1,434,992) for Business-Type Activities related to the implementation of GASB 75, which requires reporting of the City's proportionate share of the New Mexico Retiree Healthcare Authority's net other postemployment benefits liability.

NOTE 20. Recent GASB Pronouncements

In August 2018, the GASB issued Statement No. 90, Majority Interests in an amendment of GASB Statements No. 14 and No. 6. The requirements of this statement are effective for periods beginning after December 15, 2018. Earlier application is encouraged. This statement is not applicable to City.

In June 2018, the GASB issued Statement No. 89, Accounting for Interest Cost Incurred before the End of a Construction Period. The requirements of this Statement are effective for reporting periods beginning after December 15, 2019. Earlier application is encouraged. This statement is not applicable to the City.

In March 2018, the GASB issued Statement No. 88, Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements. The requirements of this Statement are effective for reporting periods beginning after June 15, 2018. Earlier application is encouraged. This Statement applies to notes to financial statements of all periods presented. This standard will be implemented in a subsequent period.

City of Bloomfield Notes to Financial Statements June 30, 2018

NOTE 20. Recent GASB Pronouncements (Continued)

In June 2017, the GASB issued Statement No. 87, Leases. The provisions of this Statement are effective for reporting periods beginning after December 15, 2019. Earlier application is encouraged. This standard will be implemented in a subsequent period.

In May 2017, the GASB issued Statement No. 86, Certain Debt Extinguishment Issues. The requirements of this Statement are effective for reporting periods beginning after June 15, 2017. Earlier application is encouraged. This statement is not applicable to the City.

In March 2017, the GASB issued Statement No. 85, Omnibus 2017. This Statement addresses a variety of topics including issues related to blending component units, goodwill, fair value measurement and application, and postemployment benefits (pensions and other postemployment benefits [OPEB]). The provisions of this Statement are effective for periods beginning after June 15, 2017. Earlier application is encouraged. The City has implemented this standard accordingly in the current year.

In January 2017, the GASB issued Statement No. 84, Fiduciary Activities. The requirements of this Statement are effective for reporting periods beginning after December 15, 2018. Earlier application is encouraged. This statement is not applicable to the City.

In November 2016, the GASB issued Statement No. 83, Certain Asset Retirement Obligations. The requirements of this Statement are effective for reporting periods beginning after June 15, 2018. Earlier application is encouraged. This statement is not applicable to the City.

In March 2016, the GASB issued Statement No. 81, Irrevocable Split-Interest Agreements. The requirements of this Statement are effective for reporting periods beginning after December 15, 2016. Earlier application is encouraged. This statement is not applicable to the City.

In June 2015, the GASB issued Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions. The requirements of this Statement are effective for reporting periods beginning after June 15, 2017. Earlier application is encouraged. The City has implemented this standard accordingly in the current year.

GASB Statement No. 77 is intended to improve the usefulness of financial statements prepared by state and local governments – which are intended, among other things, to assist users of financial statements in assessing (1) whether a government's current-year revenues were sufficient to pay for current-year services (inter-period equity), (2) whether a government complied with finance-related legal and contractual obligations, (3) where a government's financial resources came from and how it uses them, and (4) a government's financial position and economic condition and how they have changed after time – by including information about certain limitations on a government's ability to raise resources. This includes limitations on revenue-raising capacity resulting from government programs that use tax abatements to induce behavior by individuals and entities that is beneficial to the government or its citizens – such as the encouragement of economic development. For financial reporting purposes, this Statement defines a tax abatement as resulting from an agreement between a government and an individual or entity in which the government promises to forgo tax revenues and the individual or entity promises to subsequently take a specific action that contributes to economic development or otherwise benefits the government or its citizens.

This statement does not have a material effect on the financial statements of the City.

City of Bloomfield Nonmajor Fund Descriptions June 30, 2018

Special Revenue Funds

Fire Protection Fund

To account for the operations and maintenance of the fire department. Funding is provided by a distribution from the fire protection fund established by Section 59A-6-5 NMSA 1978 as authorized by Section 59A-53-2. Funds are used in the operation, maintenance and betterment of local fire departments, to the end that the hazard of loss by fire and fire insurance rates may be reduced and the public safety thereby promoted.

Recreation Fund

To account for the operations and maintenance of recreation facilities. Funding managed and/or owned by the City is provided by recreational fees charged to users and cigarette taxes received pursuant to Section 7-12-15 NMSA 1978 which provides that the cigarette taxes received under this section shall be used for recreational facilities and salaries of instructors and other employees necessary to the operation of recreational facilities. Such recreational facilities shall be for the use of all persons, and juveniles and elderly persons shall not be excluded.

Capital Equipment Replacement

To account for expenditures for capital equipment funded by special revenues for stand by services designated by the City Council. Funding authority by City Council Resolution No. 90-16.

Corrections Fees Fund

To account for the correction fees (\$10) imposed pursuant to 35-14-11B (1) NMSA 1978. The correction fees shall be used for municipal jailer or juvenile detention officer training, for the construction planning, construction and maintenance of a municipal jail or juvenile detention facility, for paying the cost of housing municipal prisoners in a county jail or housing juveniles in a detention facility or for complying with match or contribution requirements for the receipt of federal funds relating to jails or juvenile detention facilities.

Police Evidence Fund

To account for funds acquired during police raids and gathering of evidence. Fund authorized by city council.

DARE Fund

To account for expenditures of the drug prevention program D.A.R.E. The fund is funded by citizen's contributions and a federal grant from U.S. Department of Justice. Fund authorized by city council resolution and the Anti-Drug Abuse Act of 1988, Public law 100-690, Title VI, Subtitle.

Library Fund

To account for the operations of a library grant from the New Mexico State Library for additions to the City library. The authority is the Laws of New Mexico 2002, Chapter 93, G.O. Bonds for Public Library Resources.

Law Enforcement Fund

To account for grant funds used for maintenance and development of the City's police force. Financing is provided by a grant from the State of New Mexico. Such revenue provides for purchase and repairs of equipment as well as classes to upgrade the training of police personnel and may be used only for these purposes. Funding authority is NMSA 29-13-1.

City of Bloomfield Nonmajor Fund Descriptions June 30, 2018

Special Revenue Funds (continued)

Judicial Education Fund

To account for fine income and expenditures for the judicial education center. The Judicial Education fee (\$1) is imposed pursuant to 35-14-11B (2) NMSA 1978.

Traffic Safety Education Fund

To account for expenditures of a grant from the New Mexico Department of Transportation Department to educate the citizens of Bloomfield in traffic safety. Funding authority is 66-7-512 NMSA 1978.

Court Automation Fund

To account for fine income and expenditures for computer equipment to improve the courts computer system. The Court Automation fee (\$6) is imposed pursuant to 35-14-11B (3) NMSA 1978.

KAB - Bloomfield Pride

To account for the expenditures of a grant from the New Mexico Beautification Inc. under the litter Control and Beautification Act. Funding authority is NMSA 67-16-14.

Emergency Medical Fund

To account for the operations of the City Emergency Medical Service Unit. Sources of funds are the State of New Mexico Health and Environment Department, Emergency Medical Service Bureau. Expenditures are subject to approval of the state agency and the City Council. Funding authority is NMSA 24-10A-1 to 24-10A-10 or 63-9D-1 to 63-9D-11.1.

Senior Citizen's Center Fund

To account for a portion of the operations of the City's Senior Citizens Center. The sales of ceramics, fees, and dues are accounted for in this fund and a portion of the operating expenses. The operations are funded by donations and sales made by San Juan-McKinley County Senior Citizens and was set up administratively.

BLM Wildland Grant

To account for funds received from the State of New Mexico Forestry Division to acquire equipment to fight brush fires in rural fire districts. Fund authorized by city council.

Enhanced 911 Addressing

To account for the operations of the City's Emergency Medical Services Unit. Sources of funds are the State of New Mexico Health and Environment Department, Emergency Medical Services Bureau. Funding authority is NMSA 24-10A-1.

Lodger's Tax

To account for lodger's tax revenues collected from the lodges within the City of Bloomfield and expenditures in accordance with the Lodger's Tax Law. Funding authority is NMSA 3-38-15.

City of Bloomfield Nonmajor Fund Descriptions June 30, 2018

Capital Projects Funds

Fire Department Construction

The fire department construction project was approved by City Council Resolution 92-26. The revenues came from the sale of the old fire station to the State Highway Department. The monies in this fund are for future fire department construction projects.

Land Acquisition

To account for monies that have been designated by the City Council for future land purchases. The land acquisition fund was authorized by City Council Resolution No. 99-13.

Park Purchase & Improvement

To account for the project costs to acquire park land funded by a grant from the State of New Mexico under a special appropriation authorized by NMSA Laws of 2002, Chapter 110.

Highway Co-op Projects

To account for state funds provided by the New Mexico State Highway and Transportation Department. The purpose of the program is to maintain or construct various streets within the City of Bloomfield.

Park Improvements

To account for grant monies for park improvements as well as plan, design and construct the Parks and Recreation office building and workshop. Funding is provided by the State of New Mexico under a special appropriation authorized by NMSA Laws of 2004, Chapter 126.

Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

Independent Auditor's Report

Mr. Wayne Johnson, New Mexico State Auditor and.

Ms. Cynthia Atencio, Mayor, City of Bloomfield

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, the aggregate remaining fund information, and the budgetary comparison for the general fund and major special revenue funds of City of Bloomfield ("the City"), as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated December 13, 2018.

Internal Control Over Financial Reporting

In planning and performing our audit, of the financial statements, we considered the City's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. We identified deficiencies in internal control over financial reporting that we consider to be deficiency in internal control, which is described in the accompanying schedule of findings and responses as items 2018-001, 2018 -002 and, 2018-003.

A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We identified deficiencies in

internal control over financial reporting that we consider to be material weaknesses, which is described in the accompanying schedule of findings and responses as items 2012-001.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We identified deficiencies in internal control over financial reporting that we consider to be significant deficiency which is described in the accompanying schedule of findings and responses as items 2010 - 002.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, other deficiencies in internal control may exist that have not been identified.

Agency's Response to Findings

Agency's response to the findings identified in our audit is described in the accompanying schedule of Findings and Questioned Costs. Management's responses were not subject to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters which are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Ricci & Company LLC

Albuquerque, New Mexico December 13, 2018

City of Bloomfield Schedule of Findings and Responses June 30, 2018

Status of Prior Year Findings

2010 - 002	Accounts Payable and Payroll Lack of Internal Controls	Repeated and modified
2011 - 002	Internal Controls over Credit Cards	Resolved
2012 - 001	Segregation of Duties	Repeated and modified
2017 - 001	Ineffective Oversight Over Utility Customer Accounts	Resolved

City of Bloomfield Schedule of Findings and Responses June 30, 2018

Finding 2010 – 002 Payroll Lack of Internal Controls (Significant Deficiency) (Repeated and Modified)

Condition:

During our audit procedures regarding Cash disbursement and payroll, we noted that the payroll Clerk has full access to within the Tyler System which includes; changing pay rates and personnel data.

Based on the current fiscal situation of the city adding another employee is not feasible with the current budget, but the City is working on alternative procedures to increase controls over the payroll process. It is expected the entity will implement these new processes by June of 2019.

Criteria:

Appropriate internal controls and segregation of duties in cash disbursing and payroll processing is required to properly report all revenue and expenditures as required by Section 6-6-3 NMSA 1978

Effect:

Inadequate internal control in key control processes increases the risk of errors, fraudulent activities and misuse of funds.

Cause:

Management has not implemented proper internal process, although there are restrictions based on the funding available which is infringing on the hiring additional staff.

Auditors' Recommendation:

The City should evaluate internal controls to ensure proper segregation of duties. Employees entering time and printing checks should not have access to changing pay rates and personnel data.

Management Response:

The City lacks the funding to hire additional individuals to properly segregate all duties. In order to compensate for lack of staffing in the disbursement and payroll processes, employees review each other's work. Management will develop procedures for documentation of these reviews in order to demonstrate the compensating controls.

Responsible Official:

Finance Director

Timeline to Correct:

By March 31, 2019

City of Bloomfield Schedule of Findings and Responses June 30, 2018

Finding 2012-001 Segregation of Duties (Material Weakness) (Repeated and Modified)

Condition:

During our audit procedures regarding cash disbursement, and payroll. We noted that payroll clerk has the ability to perform all major disbursement and payroll processes. The employee performing bank reconciliation has access to the general ledger.

Based on the current fiscal situation of the city adding another employee to improve segregation of duties issues is not feasible with the current budget, but the City is working on alternative procedures to improve the control environment. It is expected the entity will implement these new processes by June of 2019.

Criteria:

The Codification of statement on Auditing Standards (AU-C) Section 200 paragraph .05 states that the financial statements are management's responsibility. Management is responsible for adopting sound accounting policies, and for establishing and maintaining internal control that will, among other things, initiate, authorize, record process and report transactions (as well as events and conditions) consistent with management's assertions embodied in the financial statements.

Effect:

Inadequate segregation of duties in key control processes leads to increase risk of fraudulent activity, and increased risk of error. In addition, there is an increased risk in untimely detection of error.

Cause:

The City relies on the expertise of one individual to preform many duties due to the limited resources, as a result there is lack of segregation of duties.

Auditors' Recommendation:

The City should implement internal controls within the limited resources available. Key control processes should be performed by separate individuals.

Management Response:

The City lacks the funding to hire additional individuals to properly segregate all duties. In order to compensate for lack of staffing in the disbursement and payroll processes, employees review each other's work. Management will develop procedures for documentation of these reviews in order to demonstrate the compensating controls.

City of Bloomfield Schedule of Findings and Responses June 30, 2018

Finding 2018-001 – No Chief Procurement officer (Other Non-Compliance)

Condition:

The City did not have a CPO for the year ended 2018.

Criteria:

Pursuant to Section 13-1-95.2 NMSA 1978, and state purchasing regulations 1.4.1 NMAC. Procurement code Sections 13-1-95.2 NMSA 1978 establishes that each state agency and local public body shall provide to the state purchasing agent the name of the state agency's or local public body's chief procurement officer.

Effect:

The City is Non-compliant with Section 13-1-95.2 NMSA 1978

Cause:

The City's Chief procurement officer is not listed on the General Service Department's (GSD) website per Procurement code Sections 13-1-1 to 13-1-199 NMSA 1978

Auditors' Recommendation:

The city should submit required information for certified personnel to the GSD website

Management Response:

The City's previous Chief Procurement Officer (CPO) passed away in April 2017. We intended to have her replacement trained to be the new CPO. However, due to a hiring freeze necessitated by a severe decrease in tax revenues, the position was held vacant for all of fiscal year 2018. In July of 2018, the City Finance Director attended the training and received the CPO certification in order to be in compliance with this requirement.

City of Bloomfield Schedule of Findings and Responses June 30, 2018

Finding 2018-002 Controls over gasoline credit card (Other Non-Compliance)

Condition:

During our audit procedures regarding gas credit card, we noted that 5 of 5 gas card we noted that the fuel purchased exceeded the gallon limit. We noted that the Gas cards are being used for more than one vehicle and therefore it is not possible to determine if gallons purchased is reasonable based on tank size or mileage. In addition, Mileage / odometer readings are not being recorded properly.

Criteria:

In compliance to State Audit Rule NMAC 2.2.2.10 J and the City's internal policy. City should establish policy for use of procurement, travel or gas cards, including placing limits on the amount and types of purchases that may be made on such cards.

Effect:

Lack of control, review and non-compliance to internal policy could lead to misuse of Gas Cards.

Cause:

City lack proper internal control and non-compliance to State Audit Rule NMAC 2.2.2.10 J

Auditors' Recommendation:

The City should implement proper processes regarding the use of gas card to ensure compliance, and reduce risk of misuse in resources.

Management Response:

Part of the issue was lost gas cards that were not reported immediately. The employees that lost the gas cards were using gas cards from other vehicles until a replacement was issued for the lost card. The other part of this issue is that the City's Senior Center has been using one gas card for all of their vehicles at the request of Northwest New Mexico Seniors, Inc., who reimburses the City for gas used by the center. City management will develop procedures for lost cards and will also work with the Senior Center to have one gas card for each vehicle.

City of Bloomfield Schedule of Findings and Responses June 30, 2018

Finding 2018-003 Internal control breakdown over Travel /Per diem reimbursements. (Other Non-Compliance)

Condition:

During our audit procedures regarding Travel and Per Diem, we noted that 1 of 5 transactions tested was calculated incorrectly resulting in a total variance of \$5.94. Employee returned \$5.94 more than the amount due to the city

Criteria:

Compliance to Per Diem and Mileage Act Sections 10-8-1 to 10-8-8 NMSA 1978.

Effect:

Lack of control and proper review of Travel and Per diem transactions could lead to non-compliance and/or abuse of travel and per diem funds in accordance with the Per Diem and Mileage Act Sections 10-8-1 to 10-8-8 NMSA 1978.

Cause:

City did not perform year end closing review per 2.42.2.10 NMAC, as a result city may not pay/ collect all outstanding/ amounts where possible.

Auditors' Recommendation:

The City should implement a review process to ensure employees and the City are being paid the correct and appropriate amount.

Management Response:

We believe this was an isolated incident. The Finance Director now reviews all per diem calculations for accuracy before payment is made to or money is collected from the employee. Additionally, any per diem advances still outstanding will be reviewed prior to year-end.
